

**Enablement**

# rehapp

**A tool for fieldworkers who work with people with(out) disabilities**

## Why the RehApp?

- Rehabilitation resources are scarce
- Rehabilitation services in many countries are not available nor easily accessible
- The situation in some countries is getting worse
- Serious brain-drain and skills-drain of rehabilitation staff
- Fieldworkers are usually very poorly trained

# Why the RehApp?

“We should construct a viable kind of CBR, for people with disabilities in the economically poorest 2 billion, based on the fact that they hardly even have access to PHC or primary schooling; they and their families could benefit from acquiring basic knowledge and skills with which they could make an easier life with their impairment.”

*- Mike Miles, United Kingdom, 2018 in personal communication*

# RehApp

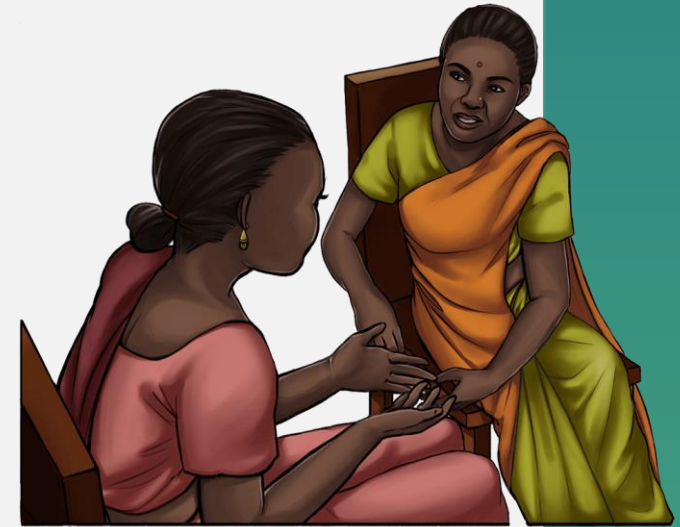

## Target group

- Fieldworkers
- Service providers doing outreach work

## Objective

Enhance the capacity of fieldworkers

- To design rehabilitation interventions
- To provide care and support
- To refer appropriately

# RehApp Chapters

## RELEASED

- Amputation
- Burns
- Cerebral Palsy
- Clubfoot
- Leprosy
- Low Vision
- Spinal Cord Injury
- Stroke

## EXPECTED

- Albinism
- **Autism**
- Developmental Dysplasia Hip
- Hearing impairment
- **Epilepsy**
- Intellectual disabilities
- Juvenile Rheumatoid Arthritis
- Mental Health
- Muscular Dystrophy
- **Spina Bifida**

# RehApp – Chapter structure

## ICF categories

- Body Functions and Structures
- Activities
- Participation
- Personal Factors
- Environmental Factors

# Collaboration Partners

**Fondazione

Mission**

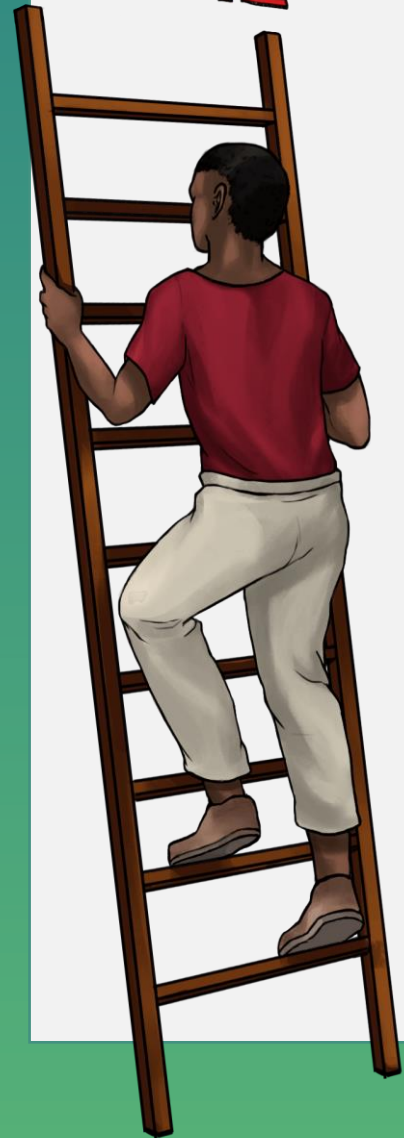

# Ongoing developments

Change in app builders to:

- i. Build a content management system
- ii. Redesign the app architecture, and include new modules

# GOAL

## Future RehApp Modules

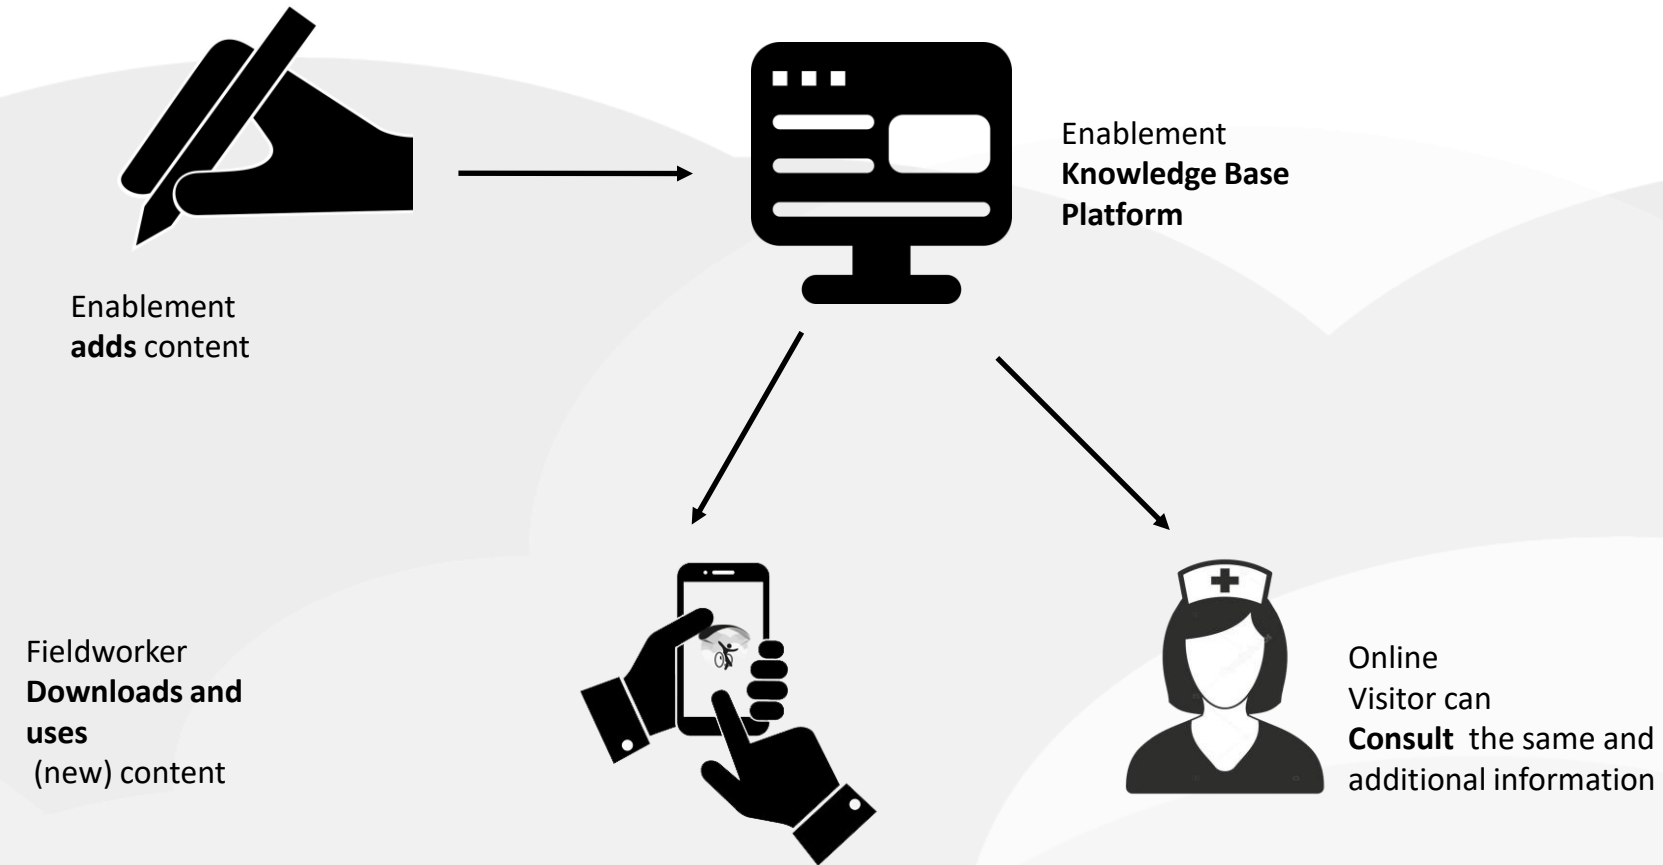

1. Information
2. Assessment
3. Goal setting
4. Rehabilitation planning
5. Client record keeping
6. Referral options
7. Information management

# FROM A STATIC APP TO A DYNAMIC PLATFORM

## VERSION 2.0 FLOW

# Future RehApp

- Field-testing chapters
- Translating chapters
- Call for research
  - Effectiveness
  - User friendliness
